Packed with features, based on 20 years of input from clients, Perfect Practice® offers a field-tested solution for successful law practice management.

Perfect Practice® **Case Management System** adapts to your firm, not the other way around. The flexible architecture of Perfect Practice® is designed to accommodate practically any area of law, without custom programming.

The **Billing & Accounting System** allows you to use information entered into Case Management System for “enter data once” billing and financial management. **Synergistic Integration** streamlines the data entry process. This minimizes the amount of data entry and **maximizes accuracy of information.**

Whether your firm does contingency, hourly, or flat fee billing – Perfect Practice® is adept at handling the requirements of **any size law firm.**

The tight **multi-level security** scheme keeps prying eyes from seeing what they shouldn't. Security can be applied to login, individual program screens, even down to individual screen components.

For over 20 years our clients have been able to successfully realize the productivity gains they were hoping for with Perfect Practice®. No brag, just fact
